DO YOU GET YIELDS THAT PAY?

- “12 acres Alfalfa—65 tons. Three cuttings.”
- “My Victory Oats produced 93 bu. per acre.”
- “28 acres Red Clover & Alsike—3½ tons per acre.”

Landisville, Pa.

IT PAYS TO GET HAY LIKE THIS

You will surely agree that Harvey Maulfair (Lebanon County, Pa.) sowed the right seed to grow this splendid crop. . . . You are right—it was Hoffman's.

To grow a crop . . . *enough* of a crop . . . in other words a *paying* crop . . . that's the job you want your seed to do for you! That is just where Hoffman's Seed fits into your program. For instance . . . here is—

CLOVER SEED THAT REALLY MAKES PAYING CROPS!

Hoffman's "Extra" Red Clover Seed (Native) is CLEANED and RECLEANED. . . . It is free from foul weeds. . . . Tested to be sure of sound germination. Picked from the hardiest strains known. Very carefully selected. Comes from desirable sections, with U. S. Government tag showing exactly what state produced the seed. Thousands of our customers have used nothing else but our Native "Extra" Red Clover for many,

many years. You could not get them to change to any other variety. This is their old Friend and Standby.

Hoffman's "Extra" Red Clover (Northern European) comes from only hardy sources. It is grown only in northern sections of the old country. Seven years ago during a similar native clover shortage many of our customers used it. They reported good crops, too. Offers quite a saving in seed cost.

DEPENDABLE ALSIKE CLOVER

Hoffman's EXTRA Alsike is super-cleaned—tested—hardy seed. . . . A dependable clover. . . . Sure-grower . . . costs less per acre—because it goes farther at seeding time. . . . Many folks using it to keep down their seed

bill, and they certainly take no chances when sowing Hoffman's "EXTRA" Alsike Seed. It is extra clean . . . tested . . . a hardy dependable clover. Will be widely used this year. Price is right!

HARDY HEAVY-YIELDING ALFALFA SEED

No doubt about it . . . HIGH QUALITY Alfalfa Seed is scarce. But for your early orders Hoffman has secured the very cream of the crop. Buy now—don't wait! It is more important this year than ever to carefully watch your seed sources. There is more unadaptable Southern U. S. and South American seed on the market than for many years. Don't take any chances. Sow Hoffman's Seed and be Safe!

crops. . . . Raises many an extra ton of fine hay for its users. Price is right—for the truly fine quality seed it is. . . . Order NOW!

HOFFMAN'S "GRIMM" ALFALFA

The real Grimm—direct from producing sections in the Northwestern States. Wanted by more and more folks because of its hardiness and good yields.

"CANADIAN VARIEGATED" ALFALFA

Grown in Canada. Hardy strain. Good Producer. Preferred by some northern farmers to the Grimm strains. Supply is limited. Quality fine. Don't delay ordering.

"ECONOMICAL MIXTURE"

($\frac{1}{2}$ Red Clover— $\frac{1}{4}$ Alsike— $\frac{1}{4}$ Timothy). A good buy—and saves money! . . . Good, clean, sound-growing seed. Very popular—used by many Hoffman customers year after year.

PASTURE GRASSES . . . TIMOTHY

You cannot get better Timothy seed than Hoffman's Farmer's Choice brand. The extra cleaning it gets insures the success of your crop. Its extra yield is your profit. Hoffman's Highland Mixture Pasture Grass

brings fine results on hilly land. For your lower fields use Hoffman's Lowland Mixture. Both are made of carefully selected grasses. And have proved valuable year after year.

Select from Price List (other side) the types and quantities you need. Order today! Quality seed is scarce. Order for immediate shipment or we will hold and ship later at your convenience. But . . . order NOW!

A. H. HOFFMAN, INC.
LANDISVILLE, PA. • (LANCASTER COUNTY)

Hoffman's clean, vigorous seed makes heavy crops of good oats. . . . New blood in your seed means more bushels to harvest.

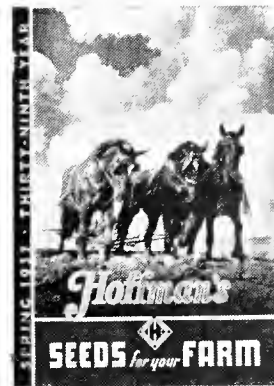

Soy Beans, popular crop for hay, beans or soil improvement—See New Catalog, pages 30 to 32.

Hoffman's Quality Seed Corn makes more bushels for you . . . and truly fills your silo. Please read details in Catalog, pages 40 to 51.

GOOD SEED IS SCARCE THIS YEAR!

High quality seed is scarce. The severe drought of last season very severely hurt the large seed-producing areas. We, too, could serve you with just cheap seeds—but they would prove so expensive to you in poor crops. We have the same dependable quality seed this year that has made the name Hoffman famous for quality for the last 38 years. The time to order Quality Seeds is RIGHT NOW!

SEED WARNING

Handler of "Cheap" Seed
Reports Sales 3 Times Normal

Please, for your own sake, be careful this year. High-price years bring out the poor seed. Its owners cry—"Bargain Seeds." The public buys, because it's cheap. Then the user's trouble begins. Poor stands of grass. . . . Bad weeds. . . . Crop failures! Don't be misled! Quality Seed is worth its cost. Sow only Quality Seed. Let the other fellow take his chances with the poor, cheap seed!

**Order Your Seeds
from This SAFE Guide →**

Please turn to page 4 of this New Catalog. Read of J. M. Koch's experience. Notice A. C. Demmy's big clover crop, page 7. . . . J. T. Singer's report, page 15. . . and Edgar Hinkle's on page 17.

Messrs. Wingert, Kaylor and Craig had wonderful oats results—Read about them on Page 23.

In the Corn, Potatoes, Sudan and Soy Beans sections, are given many definite reasons why Hoffman's Quality Seeds are safe, profitable seeds for you to sow. . . . They really will "Make Money For You!"

A. H. HOFFMAN, Inc., Landisville (Lancaster County), Pa.
